# Experience

Each MEGNA POOLS product is custom made by craftsmen each with over 30 years experience in the swimming pool industry. Attention to quality is our #1 goal. We don't check a product once it's made — by then it is too late! Instead we build quality into every step of the process.

*You, your family and your backyard are unique — your pool liner should be too. Decorate your pool with our Mix-N-Match liner approach. Choice has become a thing of the past — Now you can create!*

## Brochure Instructions

MEGNA POOLS has created twelve unique pool liner tiles which can be matched with one of five wall and floor patterns or with solid blue or solid white. Browse through the tile and floor patterns until you find your own perfect match! MEGNA POOLS will then custom fabricate your unique liner pattern just for you.

MEGNA POOLS has made an investment in cutting edge machinery in order to become the only supplier in North America of this unique swimming pool technology.

Now for the first time in North America, swimming pool owners have the ability to create their own unique swimming pool pattern.

Special technology will allow MEGNA POOLS to deliver a uniquely different pool liner within the same timeframe as traditional pool liners — no delay to have something out of the ordinary.

### Tile Pattern

The tile pattern is the top part of your liner. It wraps around the entire perimeter of the pool and ends a few inches beneath the water line.

### Wall / Floor Pattern

The wall / floor pattern continues at the bottom of the tile pattern. It covers the remaining area of the walls and the floor of the entire pool.

# Quality

We buy only the best materials available. Where possible we source our product from local suppliers. Buying domestically means we support jobs for our customers. Our craftsmen are extensively trained to ensure we make only the best products!
